## EXPERIENCE

### LECTUREWALA.COM —Jan 2025-(Present)

With extensive experience at LectureWala, I have worked in project management, overseeing the entire process of an e-commerce platform built on OpenCart and using Photoshop for design. I worked closely with teams including developers, content creators, and marketing professionals. My tasks included managing product listings, organizing categories, improving order workflows, and integrating shipping and payment gateways to ensure smooth operations and support business growth.
